Parents, did you know that we have a suggestion box and a prayer request box by the Parent Information Board? Please feel free to use them whenever convenient, or just pop in and let me know any concerns that you may have. We are continually striving to make our center the best that it can be, and some of our best ideas come from our center

families.

Did you know that we follow the CACFP Food Program here in the center, and all of our food items served come directly from their lists and

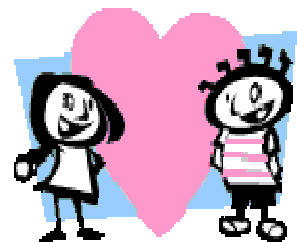

suggested menus. We try to order more whole fruits from our vendor as they are available rather than canned, though this is a little more difficult in the winter months. Please keep the ideas and suggestions coming...we value your opinion!!

Finally, please feel free to join us February 18th, 2012 from 8am-2pm for our CPR/First Aid Certification class taught by Rick Kernes of EMTA . The cost is \$40, payable in advance at our front office. Please sign up at your earliest convenience so that we may provide

our instructor with an accurate count of attendees.

As always, we appreciate the opportunity to care for your little ones each day.

Blessings,
Christina and Jeremy

**1 Corinthians
13:4-8a**
Love is patient, love is kind. It does not envy, it does not boast, it is not proud. It is not

rude, it is not self-seeking, it is not easily angered, it keeps no record of wrongs. Love does not delight in evil but rejoices with the

truth. It always protects, always trusts, always hopes, always perseveres. Love never fails ...
[\(NIV\)](#)
